

PERGOLAS

Plantasia 2009

- There is no better way to enjoy your patio parties, cook-outs, and summer gatherings than under your very own custom built pergola, by De Groff Outdoor Structures.
- Ideal for entertaining family and friends, or for just some private relaxation, our hand-crafted pergolas add an heir of sophistication and natural elegance to your outdoor space.
- Extend your living area with an attached pergola or accent your garden with a free-standing design.
- We offer a wide range of styles and configurations to suit your individual needs.
- We prefer to use lumber that is naturally rot-resistant and chemical free.
- Need help with your landscaping? We can shape your surroundings to provide the finishing touch to your backyard project.
- **We also build porch/patio covers, and pavilions.**

Customize Your Pergola

Do you prefer a bit more shade or privacy? De Groff Outdoor Structures has just the thing to give your pergola that personal touch. Enhance the beauty and functionality of your pergola by adding one or more of these custom features:

- | | | | |
|------------|--------------------|-----------------|----------------------|
| • Canopies | • Fire Places | • Full Walls | • Decorative Accents |
| • Shades | • Full Trellises | • Tapered Posts | • Flower Boxes |
| • Fans | • Corner Trellises | • Header Panels | • Color Staining |
| • Lighting | • Half Walls | • Benches | • Wrought Iron |

Choose from a wide variety of stains, available in both solid and translucent colors. All pergolas are available in white.

We can build your pergola on top of your existing deck, or design and build a new deck for you.
 Foundation options include: Stamped Concrete, Patio Pavers, and Stamped Colored Asphalt
